

Hello I'm Chad

I'm a Web Developer and Web Designer
I love designing a website turning them into
simple and beautiful interface designs.
I also enjoying the logic and structure of coding

A trusted freelance **web developer / designer**.

Web Design and Web Applications Development

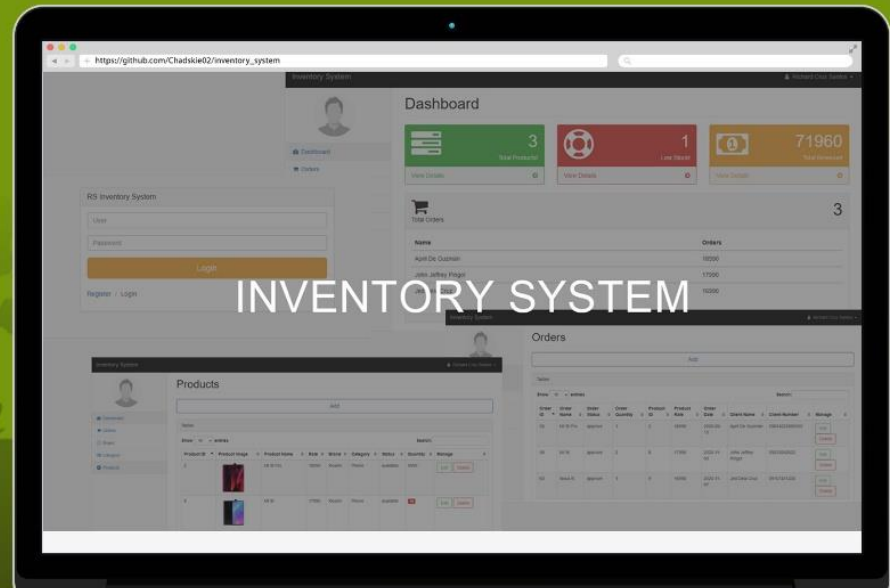

BNS

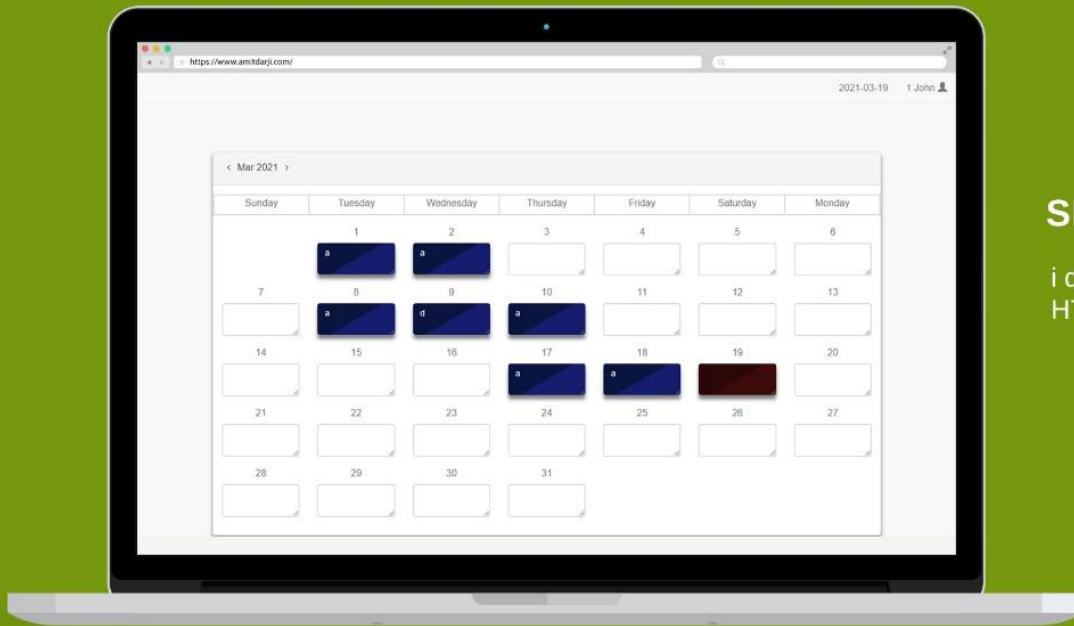

My first website while i'm studying at college I develop this website to improve my skills on html css and bootstrap.

Inventory System

Developed with user-friendly features for our client that makes digital printing as they request they need inventory system. This project is for my thesis I develop the backend and frontend of this system.

Web Design and Web Applications Development

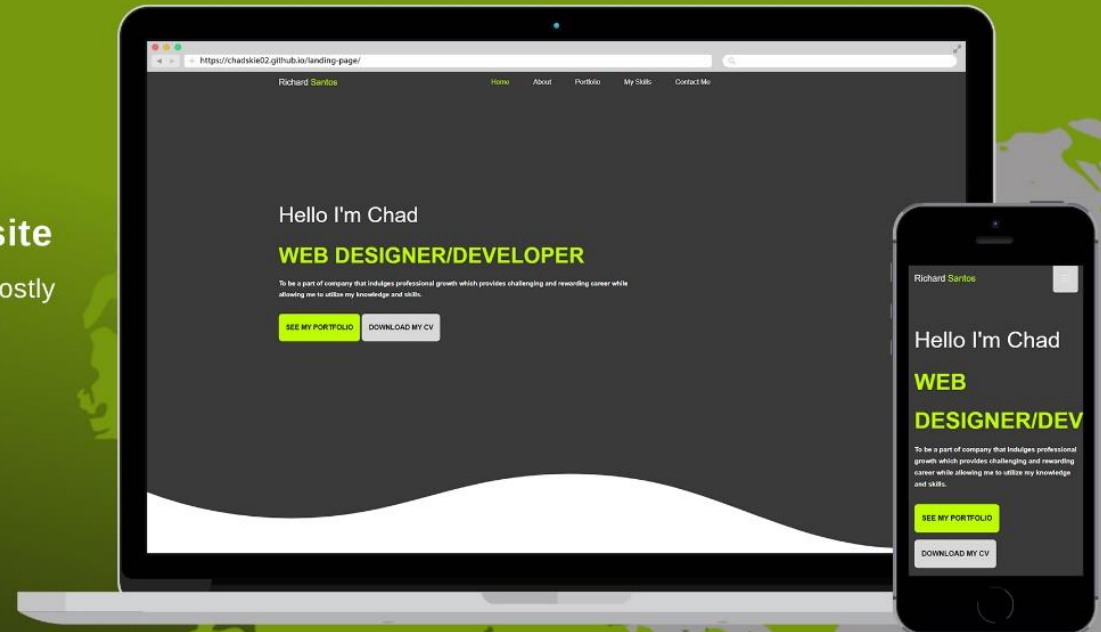

SELF MADE LIKE GOOGLE CALENDAR

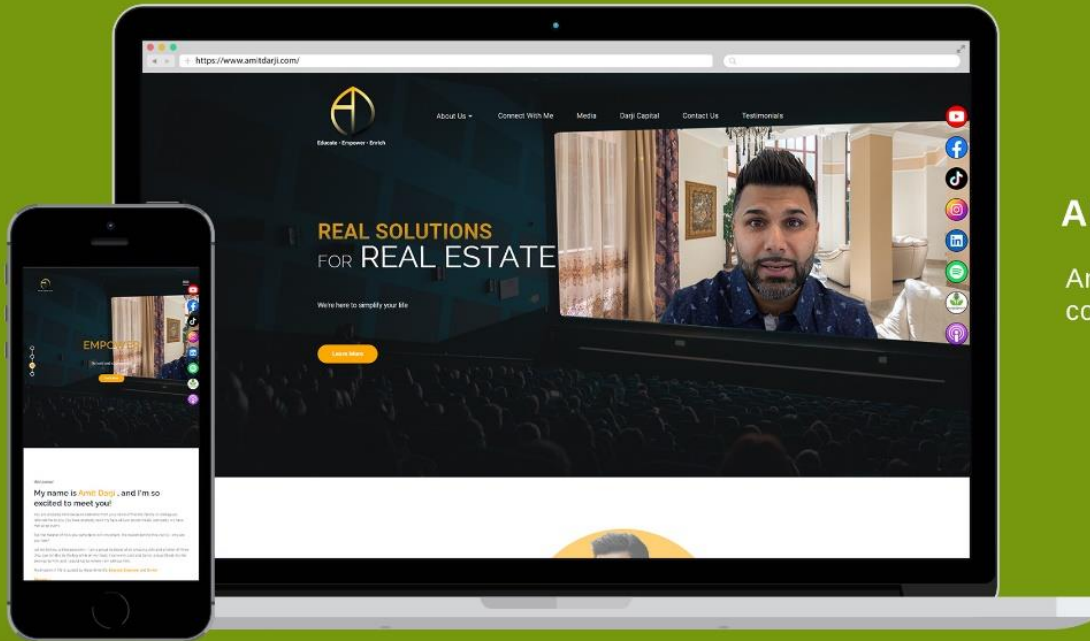

i developed this calendar to practice my coding on PHP, AJAX, JQUERY, HTML,CSS AND JAVASCRIPT.

My Portfolio Website

I developed this website for the company that i will apply for i mostly used this website when HR request a portfolio of mine.

Web Design and Web Applications Development

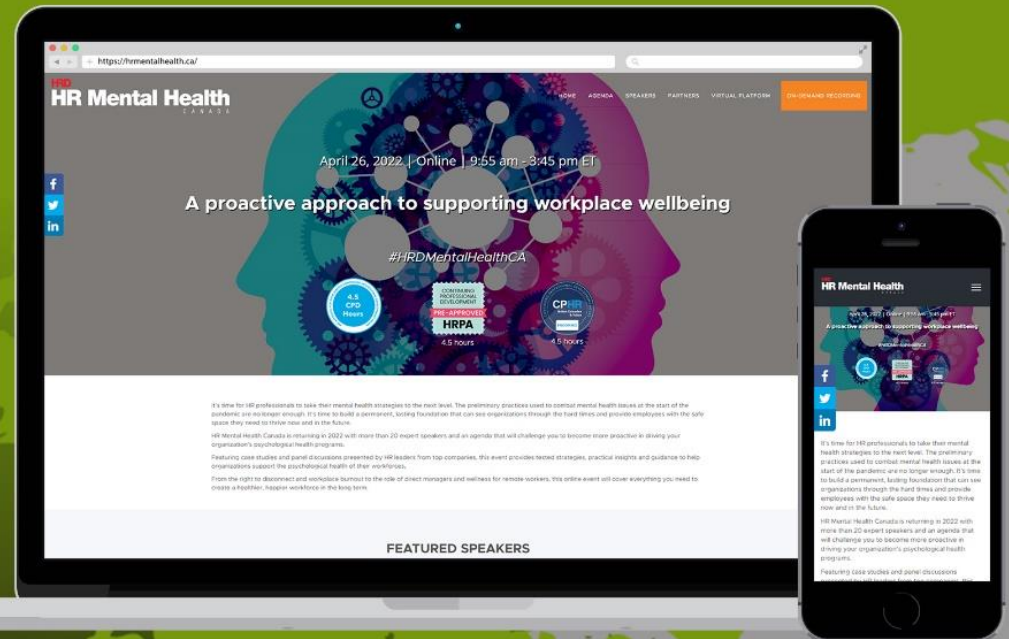

AMIT DARJI

Amit is a realstate influencer i made this website for our client and company that i work for.

HR Mental Health

I developed this wordpress website for our client in canada that have many events, conferences etc. across the globe.

Web Design and Web Applications Development

More websites that i developed under my employment at Online thinkers and Quantumx
